REISEMOBILE AUS LEIDENSCHAFT

## A GREAT TRADITION.

The Cruiser on an Iveco platform is the motorhome for active people. At the same time it embodies the tradition for which our company stands like no other model in the Concorde family. It contains the unique experience of 30 years of building over-cab berths. From the floor plan layout, through the berth sizes, to the stowage space concept, every detail of this motorhome is based on the knowledge gained in more than three decades. Get on board and experience the difference.

## THE CRUISER FAMILY IS GROWING.

Redefining freedom starts for you with the choice of two different chassis: the Iveco Daily with its generous payload and an optional 8-speed ZF fully-automatic transmission, and the Iveco Euro Cargo, a "lightweight" commercial vehicle chassis with plenty of torque, a compressed air brake system and an engine brake that leaves no wishes unfulfilled.

# A

## ACTION "IDEAL HOME".

**The living space.** Living with Concorde round seating means living in harmony with yourself and your environment. The spacious layout, the carefully considered floor plans and the ergonomically optimised dimensions of seating and living room furniture ensure a pleasant and relaxing leisure experience even at first glance. The large windows, numerous lamps and spots result in an imposing impression of space in a bright and friendly living environment.

## IS THERE AN ALTERNATIVE?

**The kitchen.** The kitchen and dinette with round seating at the rear is a clear commitment to quality and functionality. Three-burner stove, single-hand action mixer tap and a stainless steel kitchen sink - the kitchen space sets new standards in terms of ergonomics, design and functionality. Thanks to generous stowage space above and below the kitchen top made of mineral material, your cooking utensils will all disappear in next to no time. The large volume AES refrigerator gives you plenty of space for cool storage of your supplies from home or typical market purchases.

## A BATHROOM DOES JUSTICE TO THE TERM.

**The bathroom.** In the RRL alcove, Concorde has promoted the bathroom to a wellness oasis with a revolutionary premium appeal. The solution is as ingenious as it is simple: the bathroom extends across the entire width with a washstand and what is virtually a walk-in wardrobe on one side, and a convenient toilet and a spacious shower on the other. Perfect for a fresh-up in the morning and firmly making any feelings of cramped space a thing of the past.

## WELL-RESTED ON A JOURNEY OF DISCOVERY.

**The bedroom.** To help you relax and unwind after a busy day, the developers have really thought of everything in this spacious dream of an over-cab berth. Two comfortable longitudinal berths and an internal height of more than 800 mm give you the impression of a bedroom rather than an over-cab berth. The convenient exit via sliding steps means that your partner can carry on sleeping undisturbed and ensures a safe way back into this cosy space.

EXCLUSIVITY – AS FAR AS THE EYE CAN SEE.

**The living space.** When you decide on a Cruiser, you do so consciously based on your experience. You have clear ideas and preferences and unequivocal requirements: absolute quality, absolute comfort and absolute independence – this is what distinguishes Cruiser drivers.

# I

## INDEPENDENCE IS SOVEREIGNTY.

**The kitchen.** Deciding to purchase a luxury over-cab berth model testifies to your high level of individuality. The Cruiser also guarantees this in the kitchen area. Inexhaustible stowage space options and the huge AES refrigerator with a separate freezer compartment make you independent of utilities. There is no need to restrict yourself; buy whatever you like at the market, you certainly have enough space to do so.

# W

## WOULD YOU LIKE A LITTLE MORE?

**The bathroom.** A little more in terms of options, privacy, and cupboard space? All these requirements are met by the new bathroom concept in the Cruiser. The premium bathroom with a separate toilet room, a luxurious shower and two closets is the measure of all things, and an unrivalled among bathrooms.

D  
DREAM BERTHS COME TRUE.

**The bedroom.** Spacious berth dimensions at the rear and over-cab, with an award-winning bed design make for sweet dreams and a restful sleep. The Cruiser offers flexible sleeping space options. Whether you opt for longitudinal twin beds or a bed across the rear end. Unforgettable sleeping comfort is guaranteed by all variants.

# G

## GENEROSITY IN TERMS OF COMFORT AND EQUIPMENT.

**The Living room.** Treat yourselves to a journey without any restrictions in comfort. In the spacious and elegant living room area the Cruiser has as option to the Wenge Furniture the exclusive wood variant "Noce". The exclusive wood "Noce" is combined with the "Senosan" cream white fronts. For maximal comfort as standard we have the floor covering in parquet look or optionally the Slate and the Yacht effect to choose from.

## EXPRESSIVE IN ITS INTERIOR QUALITIES.

**Leather and fabrics.** We offer a wide range of different full leather and microfiber covers; Examples of which can be seen to thee right side. All materials are meticulously manufactured in selected workshops, adhering to Concorde's strict quality requirements. To allow them to retain their typical qualities during their long life on the road, they undergo an innovative waterproofing process: our microfibre materials are equipped with ConLotus, whilst our leathers are equipped with the anti-soiling Aquaderm X-Shield. Dirt does not stick, liquid simply rolls off, and the feel and suppleness are preserved. In addition, you can choose the Concorde designed Redonda upholstery. It ensures optimum grip, relaxes the spine and supports the lumbar region.

## THE STANDARD "HIGHLIGHTS" OF THE CRUISER.

**A Mineral kitchen worktop with stainless steel sink.** High-quality mineral kitchen worktop in combination with hygienic stainless steel sink grant a clean atmosphere. Well-thought-out details such as drop and water gutters facilitate the domestic work. Smart idea: the support for the two-parts sink cover enables the use of this space as an additional work surface. The pull-out sprinkler and the storage area for a Nespresso coffee machine are the result of a professional kitchen planning. Consequent furniture is the finesse that makes the difference.

**B Double floor storage.** The heated double floor with an enormous inside height of 420 mm offers spacious storage and is accessible through the large and for 180° rotatable storage flaps. Intelligent transport solutions such as an extendible drawer with transport boxes offer ideal and useful additional benefit of the double floor storage.

**C 300 W Sinus inverter.** The Sinus inverter supplies small consumers such as battery chargers and respirator steadily with electricity. The main priority circuit effectuates the automatic switchover of the inverter voltage to the charge current. The inverter switches off and the leisure battery is not charged unnecessarily, when the motorhome receives electricity from the outside. If the extern voltage failed, the inverter restarts. Important for the connected 230 V consumers which are dependent on an uninterruptible voltage supply.

A large, light gray, stylized letter 'F' is centered in the background of the page. It has a modern, sans-serif design with rounded terminals and a slight shadow effect.

FREEDOM BEGINS WITH FLEXIBILITY.

**Floor plans.** Treat yourself to the freedom to configure your own custom dream motorhome. On two chassis and with six different floor plans, the Cruiser offers plenty of scope for making your wishes and dreams come true.

## OUR DRIVE FOR YOUR PASSION.

**The essence of mobile travel.** Concorde is committed to the concept of quality craftsmanship. We manufacture motorhomes of the highest quality for the highest demands. Every vehicle is unique, every vehicle is a masterpiece, classically hand-crafted in a traditional Franconian company, with unwavering passion, enthusiasm and inspiration. Because a passion for motorhomes is what unites the people at Concorde. And it is that which unites us with you.

*“It remains our daily objective to not only to build Motorhomes to the highest possible standard, but also to fulfill the hopes and dreams of our customers.”*

**Bastian Mathy**  
*Head of Production*

*“There are no limits in terms of Quality,  
therefore we continue to believe that  
no matter how good we may be, there  
is always room for improvement.”*

Patrick Murphy  
Quality-Manager
